University  
We major in careers.™

**What?** DeVry's Passport2College Program is available to high school students who will be entering their junior or senior year in the Fall 2009.

**No Tuition Cost.** Students may take one of the courses listed on the next page, which could provide them with college credits.

**Who?** You should apply for the Passport2College Program if:

- You will be graduating from high school and want to get a jump-start on your college education.
- You have an interest in business accounting, networking, and/or technology.
- You have a GPA of 2.7 or higher.
- You are a U.S. citizen or have permanent residency status.
- You have access to computer and internet.

## Why?

- Earn college credit from a regionally accredited school while you are still in high school without having to pay tuition.
- Take courses taught by highly qualified, passionate and dedicated college professors.
- Have a flexible schedule that fits your life so you can still enjoy the summer.
- Make your college admissions application stand out over your competition.

**When?** Classes will meet for 6 weeks beginning 07/06/2009 and ending on 8/14/2009.

**How?** Complete the attached application and submit it with the items listed on the back of the application.

## Don't delay!

Application deadline is 06/12/2009. For more information on DeVry's Passport2College Program:

## Courses

### BUSN115 - Introduction to Business and Technology

This course introduces business and the environments in which businesses operate. Students examine the roles of major functional areas of business and interrelationships among them. Organizational theories and techniques are examined, and economic, cultural, political and technological factors affecting business organizations are evaluated.

**3 credit hours. This course will be offered at Fort Washington and Center City Philadelphia locations.**

### MATH114 - College Algebra

This course focuses on systems of linear equations; radical and rational expressions; and functions where linear, quadratic, exponential and logarithmic functions are emphasized using application problems and modeling. The minimum requirement to pass this course is 80 percent, and grades of C and D are not assigned. Eligibility to enroll in the course is based on placement results.

**4 credit hours. This course is offered at Fort Washington and Center City Philadelphia locations.**

### COMP129 - Hardware and Software with Lab

This course explores the PC system from software, hardware and operating system points of view. Hardware topics include system boards, processors, memory, power supplies, input/output (I/O) ports, internal adapters, printers and basic networking devices. Software topics include client/server operating systems and installation, as well as licensing software applications.

**3 credit hours. This course is offered at the Fort Washington Campus only.**

### PSYC110 - Psychology

This course provides a foundation for understanding, predicting and directing behavior. Organized within a framework encompassing foundations, general topics and applications, the course provides an understanding of how psychological principles and concepts relate to professional and personal life. Topics include learning, attitude formation, personality, social influence, dynamics of communication, conflict resolution, motivation, leadership, and group roles and processes.

**3 credit hours. This course is offered at the Fort Washington Campus only.**

### SOCS185 - Culture and Society

This course explores the role of culture in social organizations. Social institutions, and the issues of race and gender within social structures, are analyzed in the context of multicultural societies and increasing global interaction. Basic sociological principles and research findings are used to support analysis of cultural and social issues.

**3 credit hours. This course is offered at the Center City Philadelphia location only.**
